Detailed Summary

BrightTV Dashboard — Glossary Definitions and business rules used in this dashboard

Viewership engagement:

Clicked and Left Viewer watched for 0 to 2 seconds — considered an accidental click with no real engagement.
Clicked and Not Committed Viewer watched for 3 seconds to 1 minute — showed brief interest but did not stay.
Casual Commitment Viewer watched for 1 minute to 1 hour — stayed long enough to indicate genuine interest.
Valid Commitment Viewer watched for 1 to 4 hours — strong engagement and deliberate viewing session.
Solid Commitment Viewer watched for more than 4 hours — highest level of engagement recorded.

Age groups:

Teenagers Ages 13 to 19.
Young Adults Ages 20 to 35.
Middle Aged Ages 36 to 64.
Senior Citizen Ages 65 and above.
Invalid Age Age recorded outside the valid range of 13 to 90, or missing entirely.

Daily hours (time slots):

Midnight to Early Morning 12am to 5am.
Morning to Late Morning 6am to 11am.
Early Afternoon to Late Afternoon 12pm to 5pm.
Early Evening to Late Evening 6pm to 8pm.
Night 9pm to 11pm.

General terms:

Empty Records where demographic data (Race, Gender, or Province) was not captured at the time of viewing. Not Specified Viewer actively chose not to provide their demographic information.
Break in Transmission A broadcast signal failure event — 63 such events were recorded and retained to reflect broadcast reliability.
Average Viewing Duration The average time in minutes a viewer spent watching per session, calculated from the Duration field.
Total Views Total number of viewership events recorded after data cleaning — 9,515 valid records.
